

Provide your organization with the TOOLS needed to efficiently and effectively deliver on your agency's Regulatory Compliance Practices.

Why should you use TrueRRA?

- ◆ Shortened Review Process
- ◆ Fewer errors in data entry
- ◆ Better Customer Service
- ◆ Improve Staff utilization
- ◆ In a word, CONVENIENCE

"TruePoint spent time to really listen to our business needs. They surprised us with their detailed understanding of what we did, and then they improved upon some of our processes that we didn't expect" Gerry Giesel, Water Operations Superintendent, Central California Irrigation District (CCID), Los Banos, CA

"Our involvement with TruePoint has been very rewarding. We feel we received everything we expected and more from the software provided" Chris White, General Manager, CCID.

TrueRRA will significantly reduce tedious work by guiding your staff through the painstaking and lengthy process of reviewing submitted RRA forms. This RRA forms automation software will support both staff and growers (Land Owners/Tenants) in populating and identifying/correcting errors in RRA forms, in addition to allowing the unlimited sharing of form information between grower and Water Agency.

TrueRRA leverages the technology of our portal software, TrueCIP, to simplify and automate your overall process. TrueRRA makes reclamation forms easy to prepare, submit, store, transmit electronically, update, and review. Position yourself as an agent for process improvement among land-owners, board members, and your community by embracing the latest in water management and regulatory compliance technology with TrueRRA.

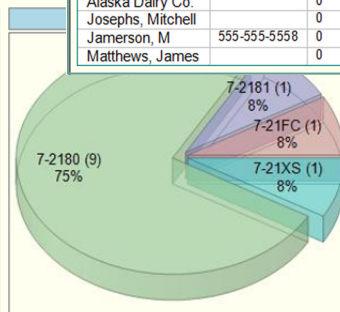

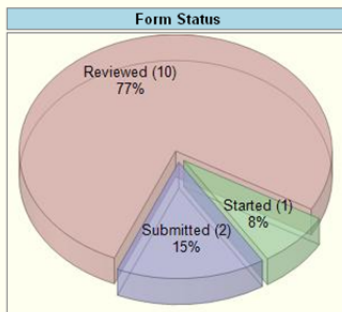

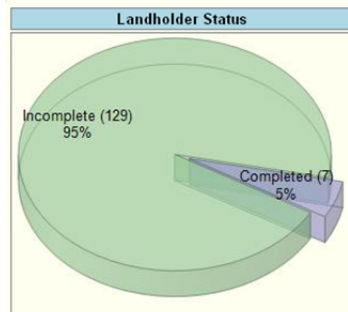

TrueRRA Features and Benefits

1. Detailed information about your irrigation customers
2. Ability to correspond with customers throughout the regulatory process
3. Allows for unlimited sharing of form information between grower and Water Agency
4. Straight forward, intuitive, step-by-step guide through forms—providing clarity that competitors don't
5. Facilitates mutual inter-district use of RRA data for growers with irrigation in multiple districts
6. Review, edit, and share forms in real-time
7. Fully integrated with the TruePoint Suite

TruePoint tabs provide validation data (right) so districts can review and correct form discrepancies. Additionally, TrueRRA offers statistics in chart form (below) of the overall status of landholder forms and forms submitted to the district.

Main | Forms Validation | Landholders | Forms | Statistics

TrueCIP

Customer Information Portal

Online Water Orders and Billing History

TrueCIP (Customer Information Portal) is an online web application which offers an interactive customer experience. Customers have the ability to place water orders online and view up-to-the-minute customer account status. The TrueCIP software interactively communicates with TruePoint's Operations and Revenue applications (TrueAIM and TrueBill), providing valuable online capabilities such as account history, including: orders, consumption, payments, outstanding invoices, and prior billings. Customers can interact with the Agency 24/7/365, receiving answers to many of their questions online with the ultimate objective of 'self service, anywhere, anytime'.
